Before the Lesson:

At <http://fhautism.com/arc.html>, find Worksheet 17 (Variation 1). Print one for each student, plus a few extras. Write the date on the board.

Teaching the Lesson

1. Distribute the worksheets and pencils to your students. Say: “Write your name on your paper.” Make sure everyone writes his or her name. Then say: “Write the date. It is on the board.” Make sure everyone writes the date. Take the pencils from them.
2. Say: “(student’s name), please read the sentences at the top of the paper.” Ask several students to read. If no one can read the passage, read it yourself, or have an aide read it.
3. Say: “We want to color the picture. What four crayons do we need?” Ask the question several times, and allow different children to answer. Then help them find the green, red, pink, and purple crayons. Take the crayon boxes from them.
4. Say: “We will color the lizard green, the birthday hat red, the cake pink, and the balloon purple. What color do we color the lizard?” Ask the question several times, and allow different children to answer.
5. Say: “Color the lizard.” Make sure they color only the lizard. Repeat the words “green lizard” as often as possible.
6. Say: “What color do we color the birthday hat? Let’s look back at our story if we need a reminder.” Ask the question several times, and allow different children to answer.
